

# See your way to better health!

## Aetna Vision<sup>SM</sup> Program

When you take good care of your eyes, your body will thank you. That's because a simple eye exam can spot symptoms of medical problems like diabetes, hypertension ... even osteoporosis. That's a big deal — especially since these diseases are highly treatable with early identification.<sup>1</sup>

With the Aetna Vision Program, you get everything you need to see clearly, from eye exam coverage to savings on glasses, contact lenses and more.

### Get an eye exam — on us

For such a short, simple procedure, a routine eye exam really packs a punch! It's the #1 way to keep your vision super-sharp. Plus, it can detect eye problems like glaucoma or astigmatism early, before they become a bigger threat.

That's why routine eye exams are among the many services covered by your Aetna health benefits and health insurance plan.\* And if you ever need a vision exam — other than a routine checkup — just visit your doctor or vision care specialist (according to plan requirements).

\*Coverages may vary by plan. Refer to your Plan Design and Benefits summary for more information.

\*\*Formerly known as the Vision One<sup>®</sup> discount program.

\*\*\*EyeMed Services and Compensation Schedule (1/07).

### Save on seeing better

There's more! As an Aetna medical plan member, you automatically receive **Aetna Vision Discounts\*\***, for great savings on contacts, frames, lenses — even LASIK surgery.

You can even receive an additional eye exam. Just visit any participating provider to get a fixed price of \$42.\*\*\* You can also get a standard contact lens fit and follow-up for \$82\*\*\* or a specialty contact lens fit and follow-up for \$10 off the standard retail fee, plus the \$42\*\*\* exam fee.

A healthy body starts with healthy eyes.

It's easy to find a provider — with participating national chains like LensCrafters<sup>®</sup>, Target Optical<sup>®</sup>, and select Sears Optical and Pearle Vision<sup>®</sup> locations. The network also includes select independent optometrists and ophthalmologists.<sup>†</sup> Find participating professionals easily by visiting our DocFind<sup>®</sup> directory at [www.aetna.com](http://www.aetna.com).

The best part? You can use the program over and over, with no limits. There's just no stopping the savings!

## Replace contacts in a blink

Lost a lens? Get additional pairs delivered right to your doorstep! Just purchase your first pair of prescription contact lenses and call our mail-order Contact Lens Replacement Center at 1-800-391-LENS (5367) for a brand-new pair.

## Your plan may include an eyewear allowance, too.

We help you foot the bill for eyeglasses or prescription contact lenses — just check your plan documents to see if your plan covers it. If so, there are two ways to get your allowance:

1. Buy your eyewear at any participating location, and your allowance will be *automatically* deducted from your discounted bill — you just pay the remaining balance. Call 1-800-793-8616 for a participating location.
2. Buy your eyewear at any location, pay the full bill, and mail the paid receipt to us. We'll reimburse you up to the maximum of your plan. Remember, to get the discount (in addition to any allowance), you must purchase your eyewear at a participating location.
